Lagos, Nigeria | jajokekazeem@gmail.com | +234 807773183 | LinkedIn: linkedin.com/in/jilaniyyahkazeem | GitHub: github.com/jilaniyyah

PROFILE

Final-year B.Sc. Statistics undergraduate at the University of Lagos with hands-on experience in data analytics, statistical methods, machine learning research, and backend/API development. Skilled in Python, SQL, Excel, and Power BI, with experience translating raw data into decision-ready insights. Student leader experienced in coordinating academic initiatives and cross-functional programs.

EDUCATION

B.Sc. Statistics — University of Lagos, Nigeria | Expected Jan 2028
Relevant coursework: Statistical Inference, Regression Analysis, Operations Research, Probability Theory, Sample Surveys, Mathematical Methods.

Data Analytics Program — TDI | Nov 2025 – Present
Structured training in SQL (MySQL, SQL Server) and Excel; business-insight projects using joins, subqueries, CTEs, window functions, and aggregation.

DATA & DIGITAL PROJECTS

- TripPilot — Apify Buildathon (2026): Built the backend for an AI-powered travel-planning workflow using a custom Apify Actor, Groq for natural-language travel requirement extraction, and Apify travel-data Actors to support flight and accommodation discovery.
- Retail Sales Analytics — MySQL & Excel (2026): Normalized a Kaggle Superstore dataset into a relational schema; built calculated columns and charts; surfaced profitability and regional-performance insights for reporting.
- Task Manager REST API — Python / FastAPI (2026): Designed and implemented CRUD endpoints for a task-management backend, including environment setup, routing, and data validation.

LEADERSHIP & VOLUNTEER EXPERIENCE

Vice President — Physical & Earth Sciences Students' Association (PESSA), UNILAG | Jul 2026 – Present
- First woman elected to the office in the faculty's history; responsible for academic welfare across all departments and coordinating academic initiatives.
- Designing and piloting PARC (PESSA Academic & Research Community), a research-literacy initiative built around a monthly journal club and project clinic.

Public Relations Officer (Pioneer) — PESSA, UNILAG | Jul 2025 – Jul 2026
- Led end-to-end communications for faculty-wide programs; drafted official announcements and campaign materials, coordinated vendors, and managed election communications.

Volunteer Peer Tutor — PESSA Tutorials | Jan 2025 – Present
- Tutor course mates in statistics and develop shared study resources ahead of examinations.

SKILLS

Data & Analytics: Python (pandas, scikit-learn), SQL (MySQL, SQL Server), Microsoft Excel, Power BI, Google Colab
Statistical Methods: Regression, hypothesis testing, sampling design, time-series & cross-validation, linear programming
Digital Tools: FastAPI (REST APIs), Git/GitHub, HTML/CSS, Microsoft Word & PowerPoint
Languages: English (fluent), Yoruba (intermediate), French (beginner), German (beginner)
